

REMUNERACIÓN 1ª QUINCENA DE OCTUBRE 2024 COMPLEMENTARIA

Table with columns for EMPLEADO, NOMBRE DEL EMPLEADO, PUESTO, NÚMERO DE LA VENTAJILLA, ATRIBUCIÓN, ÁREA, DEPARTAMENTO, and various remuneration components. The table is mostly empty with some data in the first few rows.

A grid of approximately 22 columns and 30 rows. Most cells contain very faint, illegible text or symbols, possibly representing a large data set or a form with obscured content. The grid is bordered by thin lines, and the overall appearance is that of a data table or a structured document page. The text is too light to read accurately, but it seems to follow a columnar structure. The first few columns appear to have a different format or content compared to the rest of the grid, possibly representing headers or specific identifiers. The remaining columns are filled with repetitive-looking faint marks, which could be numbers, letters, or symbols that have been lost due to low contrast or resolution.

Table with multiple columns and rows, containing faint text and data. The table structure is highly repetitive and the content is illegible due to low resolution and blurring.

This image shows a large, empty grid of cells, typical of a spreadsheet or ledger. The grid consists of 25 columns and approximately 100 rows. The cells are uniformly sized and spaced, with thin black lines separating them. There is no text or data entered into any of the cells.
